

ProjectWise 365 Cloud Service

This Order Form documents your intent to subscribe to ProjectWise 365, a cloud-provisioned platform that facilitates collaboration and design review for your design and engineering project team and stakeholders. Accessed through a web browser, ProjectWise 365 provides your team members with support for standard workflows including design reviews, transmittal and RFI management, information sharing, and issues resolution.

As a special offer to support small and mid-sized infrastructure engineering firms forced to work from home during COVID-19, Bentley is waiving subscription fees for ProjectWise 365 through September 30, 2020. After September 30, 2020, you have the option to continue your subscription, the terms of which shall be governed by a separate proposal to be entered into between you and Bentley. Please contact your Bentley account manager or see <https://www.bentley.com/en/campaigns/project-delivery/bentley-has-your-back-projectwise-365> for details.

If you allow your ProjectWise 365 subscription to expire, you are responsible for downloading all content uploaded before September 30, 2020.

Acceptance

To get started, complete this Order Form and send an executed copy to the listed Bentley contact.
